[57] ABSTRACT

In human subjects, sensory resonances can be excited by subliminal atmospheric acoustic pulses that are tuned to the resonance frequency. The ½ Hz sensory resonance affects the autonomic nervous system and may cause relaxation, drowsiness, or sexual excitement, depending on the precise acoustic frequency near ½ Hz used. The effects of the 2.5 Hz resonance include slowing of certain cortical processes, sleepiness, and disorientation. For these effects to occur, the acoustic intensity must lie in a certain deeply subliminal range. Suitable apparatus consists of a portable battery-powered source of weak subaudio acoustic radiation. The method and apparatus can be used by the general public as an aid to relaxation, sleep, or sexual arousal, and clinically for the control and perhaps treatment of insomnia, tremors, epileptic seizures, and anxiety disorders. There is further application as a nonlethal weapon that can be used in law enforcement standoff situations, for causing drowsiness and disorientation in targeted subjects. It is then preferable to use venting acoustic monopoles in the form of a device that inhales and exhales air with subaudio frequency.

The following excerpt comes from a lecture in N.Y.C. in Winter of 1994.

"Therefore, 1995 will be the year where massive doses of electronic mind con trol programming , thought intrusion and brain/ biogenetic manipulations will commence scale. These projects are no longer experimental. They are fully operation "field testing" is over! The whole arsenal of frequencies will be unloaded on the USA, Australia, New Zealand, Canada, and Mexico as part of Stage 1 of the First Protocol, (to include) Woodpecker, Buzzsaw, Videodrome, Subliminals*, Sonic Pulses. Holograms, Visions, Voices and strange Psychokinetic phenomena.

Beware of TV's, computers, movies, radios and phones! Also books, magazines, newspapers, printed advertisements and posters will also contain the encrypted hidden subliminal holograms. * In addition to the obvious programming of commercial, consumerism and marketing reason behind all the subliminals and electronically compressed information in movies, commercial television, Hollywood videos, radio and telephones - and now encrypted in printed matter, affect the brains neural networks and functions through select frequencies and their harmonics to diminish the Will, Individuality and Creativity of the Individual.

Furthermore, the protocols intended to give, in essence, the commands of "Obey the Law", "Do Not Question Authority Government is Your God",

"Do As You Are Told" and "God is talking to you".

-Also, erratic thoughts of Anger, Fear, Depression, and wanton Sexuality are also included.

This causes utter confusion in individuals who don't know where these strange thoughts are coming from -Now you do. They have told you its coming."

QUOTE FROM THE SPEECH THAT KILLED JFK

"For we are opposed around the world by a monolithic and ruthless conspiracy that relies on covert means for expanding its sphere of influence--on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. SUBLIMINAL ACOUSTIC MANIPULATION OF NERVOUS SYSTEMS BACKGROUND OF THE INVENTION

The central nervous System can be manipulated via Sen Sory pathways. Of interest here is a resonance method wherein periodic Sensory Stimulation evokes a physiological response that peaks at certain Stimulus frequencies. This occurs for instance when rocking a baby, which typically provides relaxation at frequencies near 72 Hz. The peaking of the physiological response verSuS frequency Suggests that one is dealing here with a resonance mechanism, wherein the periodic Sensory Signals evoke an excitation of oscilla tory modes in certain neural circuits. The Sensory pathway involved in the rocking example is the Vestibular nerve. However, a similar relaxing response at much the same frequencies can be obtained by gently stroking a child's hair, or by administering weak heat pulses to the Skin, as dis cussed in U.S. Pat. No. 5,800,481, Sep. 1, 1998.

These three types of Stimulation involve different Sensory modalities, but the Similarity in responses and effective frequencies Suggests that the resonant neural circuitry is the Same. Apparently, the resonance can be excited either via Vestibular pathways or via cutaneous Sensory pathways that carry tactile or tem perature information. Near 2.5 Hz another sensory resonance has been found that can be excited by weak heat pulses induced in the skin, as discussed in U.S. Pat. No. 5,800,481, Sep. 1, 1998.

This Sensory resonance brings on a slowing of certain cortical functions, as indicated by a pronounced increase in the time needed to silently count backward from 100 to 70 with the eyes closed. The effect is sharply dependent on frequency, as shown by a response peak a mere 0.13 Hz wide. The thermally excited 2.5 HZ resonance was found to also cause Sleepiness, and after long exposure, dizzineSS and disorien tation. Other, more obscure types of stimulation in the form of weak magnetic fields or weak external electric fields can also cause the excitation of Sensory resonances, as

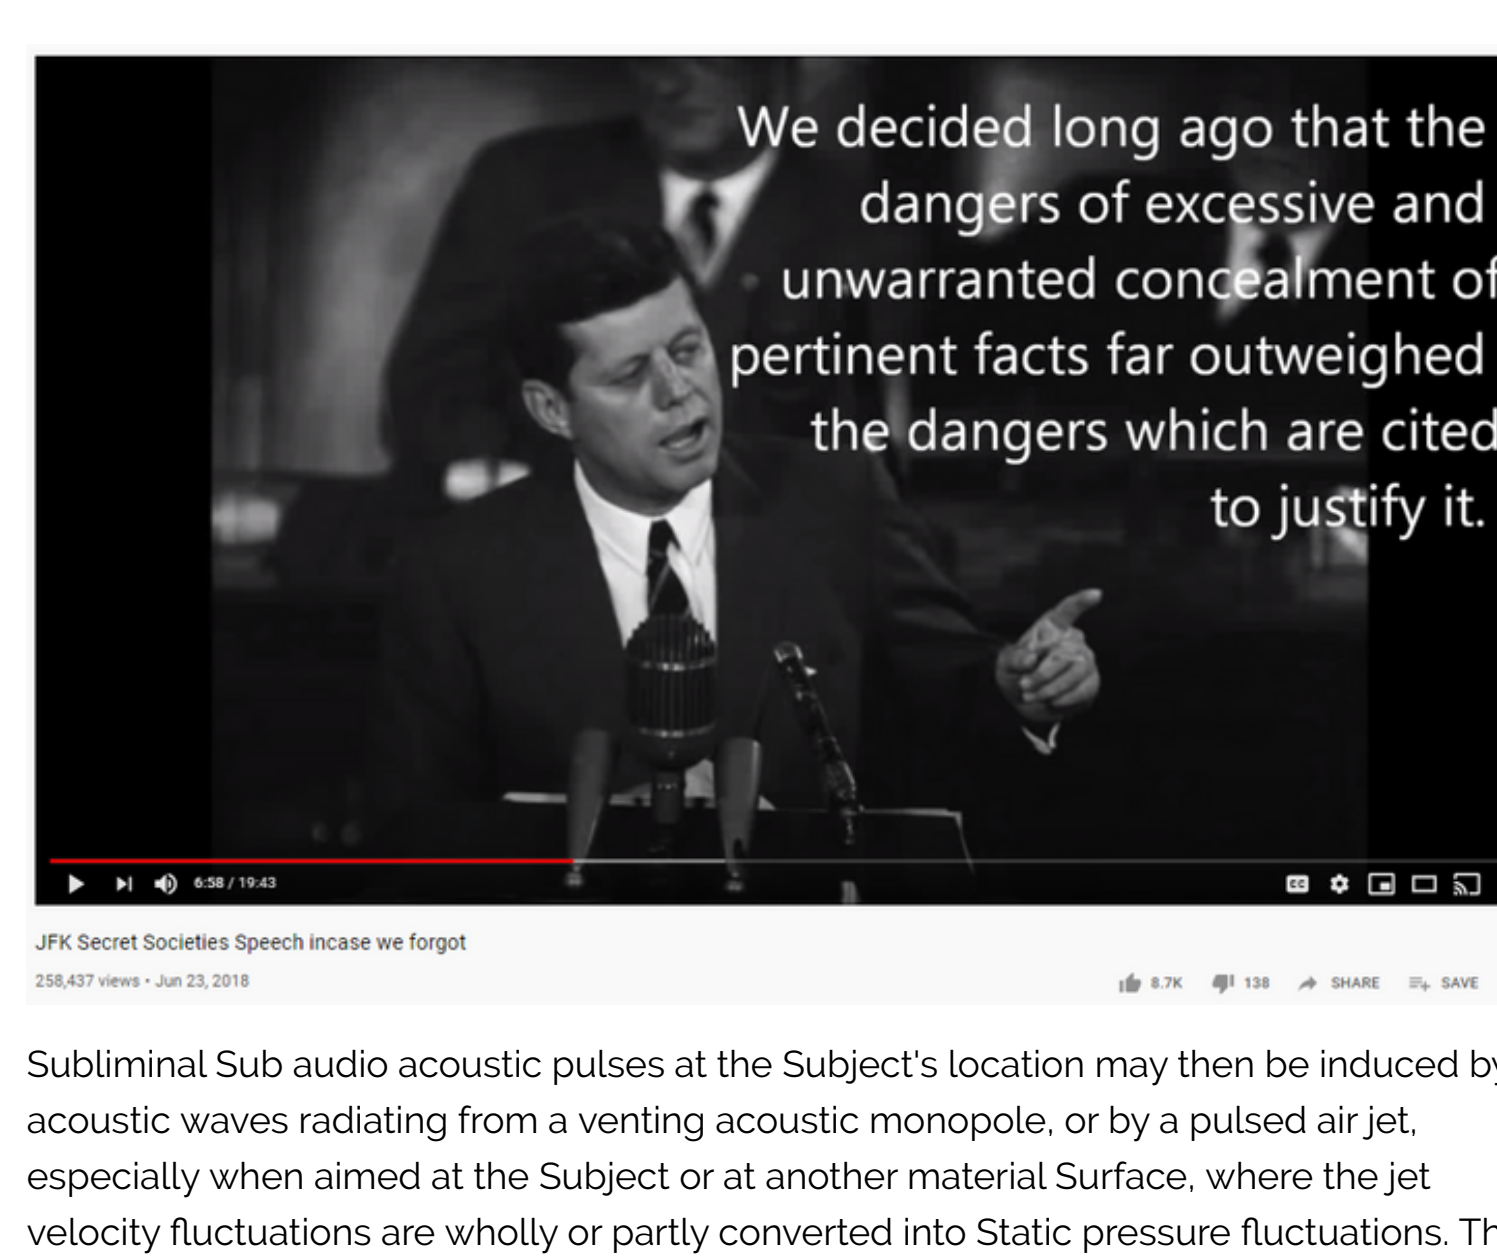
SUMMARY OF THE INVENTION

Experiments have shown that atmospheric acoustic Stimulation of deeply Subliminal intensity can excite in a human subject the sensory resonances near /3 Hz and 2.5 Hz. The /2 HZ resonance is characterized by ptosis of the eyelids, relaxation, drowsiness, a tonic Smile, tenseness, or Sexual excitement, depending on the precise acoustic frequency near /2 Hz that is used. The observable effects of the 2.5 Hz resonance include a slowing of certain cortical functions, Sleepiness, and, after long exposure, dizzineSS and disorien tation.

The finding that these Sensory resonances can be excited by atmospheric acoustic Signals of deeply Subliminal intensity opens the way to an apparatus and method for acoustic manipulation of a Subject's nervous System, wherein weak acoustic pulses are induced in the atmosphere at the Subject's ears, and the pulse frequency is tuned to the resonance frequency of the Selected Sensory resonance. The method can be used by the general public for control of insomnia and anxiety, and for facilitation of relaxation and Sexual arousal.

Clinical use of the method includes the control and perhaps a treatment of anxiety disorders, tremors, and Seizures. A Suitable embodiment for these applications is a Small portable battery-powered Subaudio acoustic radiator which can be tuned to the resonance frequency of the Selected Sensory resonance.

There is an embodiment **Suitable for law enforcement operations in which a Subject's nervous System is manipulated from a considerable distance, as in a Standoff Situation**.



We decided long ago that the dangers of excessive and unwarranted concealment of pertinent facts far outweighed the dangers which are cited to justify it.

Subliminal Sub audio acoustic pulses at the Subject's location may then be induced by acoustic waves radiating from a venting acoustic monopole, or by a pulsed air jet, especially when aimed at the Subject or at another material Surface, where the jet velocity fluctuations are wholly or partly converted into Static pressure fluctuations. The described physiological effects occur only if the intensity of the acoustic Stimulation falls in a certain range, called the effective intensity window.

This window has been measured in exploratory fashion for the 2.5 HZ resonance.

Status of COVID-19

As of 19 March 2020, COVID-19 is no longer considered to be a high consequence infectious diseases (HCID) in the UK.

The 4 nations public health HCID group made an interim recommendation in January 2020 to classify COVID-19 as an HCID. This was based on consideration of the UK HCID criteria about the virus and the disease with information available during the early stages of the outbreak. Now that more is known about COVID-19, the public health bodies in the UK have reviewed the most up to date information about COVID-19 against the UK HCID criteria. They have determined that several features have now changed; in particular, more information is available about mortality rates (low overall), and there is now greater clinical awareness and a specific and sensitive laboratory test, the availability of which continues to increase.

The Advisory Committee on Dangerous Pathogens (ACDP) is also of the opinion that COVID-19 should no longer be classified as an HCID.

The need to have a national, coordinated response remains, but this is being met by the government's COVID-19 response.

Cases of COVID-19 are no longer managed by HCID treatment

Most British newspapers promoted the idea of APPEASEMENT with Hitler. What that meant is that Britain would stand-by and watch France and all other European states being invaded, ending up speaking German, and the Hebrew-Nazi Royals would run Britain and the whole of Europe as a Police State on Minimum Wage and destroy the Middle Class - which is still the plan today. Back then it was called Nazism - today its called the European Union.

The UK Government's Secret Plan to Transform Government and the Civil Service and to destroy or takeover businesses

4 May 2020

UKColumn was alerted by a government whistleblower to top level meetings inside Westminster where it is alleged the following was discussed:

- Covid19 [Lockdown] is an extraordinary opportunity NOT to re-open 50 / 60% of what each company does. When companies are operating they get seduced into improving what they've already got rather than stopping which is shocking [to them]. If it's already stopped re-starting is shocking [to them]. So Lockdown is an opportunity to fundamentally rethink what we should be doing. So why reopen schools, care homes , coal fired power stations? .... Don't re-open any of them, they are garbage, they are yesterday's technology, they are polluting, they're toxic, they're badly organised, you just DON'T RE-OPEN them - ever.
- If government is going to spend £240billion pounds and increase the debt by 7 times, what is the point of re-opening a technology that will be dead in 10 years time? So take the £240billion and 'Re-Invent' society because we will never get this opportunity again in our lifetime

The paper is aged and fragile, the typewritten letters slowly fading. But US Military Intelligence report EW-Pa 128 is as chilling now as the day it was written in November 1944.

The document, also known as the Red House Report, is a detailed account of a secret meeting at the Maison Rouge Hotel in Strasbourg on August 10, 1944. There, Nazi officials ordered an elite group of German industrialists to plan for Germany 's post-war recovery, prepare for the Nazis' return to power and work for a 'strong German empire'. In other words: the Fourth Reich.

THE HIDDEN HAND

"**Only 300 men, each of whom knows all the others, govern the fate of Europe. They elect their successors from their entourage. These German Jews have the means in their hands of putting an end to the form of any State which they find 'unreasonable.'**" (Walter Rathenau, on Dec. 24, 1912, in the "Wiener Presse," see "Plain English," June 11, 1921).

This late Dictator of Germany declared, like Disraeli, that these "300" are not the visible rulers, because the Czar of Russia did not know these men. Thus according to Rathenau, the Czar was NOT among the persons, who governed Europe and thus the Czar was NOT guilty of making the war. When these revelations of Rathenau began to be repeated, he "suddenly" died, as perish "suddenly" all who expose the "300". Walter Rathenau's death was falsely attributed to the monarchists. But "suddenly" also the press stopped mentioning this "mystery".

"We, French, believe that we know all about the forces of our planet. But we know nothing about the most terrific of them. These are in the hands of 7 men, whose names our masses could not even rightly spell. These men, more powerful than Caesar or even Napoleon, rule the fate of the Globe. These men rule the Chiefs of States, control and subdue the governing personages, manipulate the exchanges and incite or suppress revolutions" (Stephane Lausanne, Editor of "Matin," Paris, on Jan. 6, 1923).

These 7 men are E. Rothschild V., his nephew Sassoon Rothschild, the heir presumptive to the World Throne, et al.

These Jews form the Supreme Council of the Hidden Hand.

"We are 300 men," shouted the conspirators of the "French" Revolution, when in 1770, a Jew, J. Balsamo-Cagliostro (the Rasputin of Queen Marie Antoinette) was adopted as their secret agent (read Al. Dumas) near Frankfort, this den of Rothschild.

These and the 300 men of Rathenau were "The Learned Elders of Zion." Since 1770 they have been led by a Rothschild.

"The phrase **'masters and men'** is altogether out of date. Indeed, I begin to question, who are the masters," naively questioned Mr. J. H. Whitley, Member of the House of Commons ("The Daily Sketch" on October 27, 1920).

"**Nominally we govern ourselves: actually, we are governed by an oligarchy of the American branch of the International Bankers' Plunderbund. The British Government is the camouflage behind which the money kings of the world have hitherto hid their economic warfare upon the masses of the world.**" (Philip Francis, ex-Editor of "The New York American" in his "The Poison in America's Cup", p. 45-59).

"Whoever is in power in Downing Street (British Foreign Office), whether Conservatives, Radicals, Coalitionists or pseudo-bolsheviks, the International Jew rules the roost. Here is the **mystery of the Hidden Hand**, of which there has been no intelligent explanation" (Leo Maxse, Editor Nat. Review, Aug. 1919).

* The Jewish New York Times of Sept. 8, 1924, quotes the protest of the Zionist Executive Committee against settling Jews in the countries (Mexico) over whose destiny they have no control. The same Jews help settling Jews in the U. S., which means they have control of its destiny."

R
MIND CONTROL

Tavistock Institute : Building Absolute Mind Control for the New World Order

The big picture tells us that powerful Mind Control is all around us and even runs through us. This is no passive development. Like usury, eugenics is a major "crowd control" and Mind Control device employed by the elite against the non-elite which has been deliberately made invisible via your own belief system. It's topdown programming has been manipulated secretly. By "de-patterning" our minds, beginning in childhood, Tavistock and their Tory American allies serve a broader agenda of psychological warfare against the democratic mind. - The invisible enemy needs near-total vaccination rates to support their future plausible deniability for the current crimes against humanity and the coming wave of deaths among the vaccinated.
- The invisible enemy cannot allow a situation where half the world or halves of countries are unvaccinated, thus providing a natural experimental control group to expose their crimes.
- The invisible enemy have progressively and systematically coerced people globally to get the shot, but too many are awake or 'hesitant' and have not succumb. The enemy is panicking and resorting to 'mandatory vaccinations' to cover their crimes.
